Education

HOLY ANGEL UNIVERSITY Angeles City, Pampanga
Bachelor of Science in Information Technology, Web Development Track *Expected Graduation: April 2027*
Honors: Consistent Dean's List Awardee (Academic Year 2023–2024, 2024–2025, 2025–2026)

Experience

CLARK INTERNATIONAL AIRPORT CORPORATION (CIAC) Pampanga
On-the-Job Trainee, UI/UX & Front-End (486 Hours) *June 2026 – October 2026*

- Contributed to the Risk Management Information System (RMS), a web system built with JSX and Supabase, in the Management Information Systems Department.
- Designed all RMS screens in Figma and refined the system's interface and user experience.
- Implemented sign-in form validation to keep submitted data accurate and consistent.

Projects

CAMPASS – Queue Management Mobile Application *March 2026*
UI/UX Designer & Front-End Developer | Group Project

- Designed a mobile queue management system using Flutter to streamline real-time service tracking.
- Created intuitive interfaces for real-time monitoring, improving user navigation and flow.
- Implemented UI/UX best practices to ensure clarity and accessibility for Android users.

MJ QUALITY CARS – Used Car Sales Website *December 2025*
UI/UX Designer & Front-End Developer | Group Project

- Designed all pages and developed responsive front-end interfaces using Angular, TypeScript, HTML, and CSS.
- Applied UI/UX principles to improve readability, navigation flow, and accessibility across all pages.
- Implemented SEO best practices so the site ranks on the first page of search results for brand-specific queries.

IPONLY – Gamified Budget Tracker Application *October 2025*
UI/UX Designer | Group Project

- Conceptualized a gamified budget tracking app to boost user engagement and financial awareness.
- Created intuitive income and expense tracking interfaces with clear navigation and visual hierarchy.
- Applied interactive UI elements and responsive layouts to improve usability.
